## AGREEMENT

This agreement is signed on this 7<sup>th</sup> day of March, 2022, by and between NJ TRANSIT Bus Operations Inc., a body politic and corporate of the State of New Jersey, hereinafter called the Company or NJ TRANSIT, party of the first part, and the Amalgamated Transit Union, New Jersey State Council and Local Division Nos. 540, 819, 820, 821, 822, 823, 824, 825 and 880, hereinafter called the Union, parties of the second part.

## PURPOSE

That the purpose of this agreement is to provide a working understanding between the Company and the Union; to provide as satisfactory service to the public as possible; to provide as good working conditions for the members of the Union as possible and properly protect the interests of the Company, and with respect to the operation of the Company and the relations to exist during the terms of this agreement between the Company and the members of the Union, and the parties hereto mutually agree as follows:

In the event that the Company shall dispose of its transit properties and business by sale or other transfer or shall lease the same, the Company shall make it a condition of such sale or transfer or lease that the purchaser or transferee or lessee shall become a party to the Labor Agreement in force with the Union and its Divisions affected by such sale, transfer or lease.

In the event that NJ TRANSIT or a subsidiary corporation of NJ TRANSIT acquires a bus company as a subsidiary corporation in which it has a substantial interest and the subsidiary has routes competing with NJ TRANSIT routes, NJ TRANSIT will not decrease operations on routes which compete with the subsidiary company, where the effect is to increase operations of the subsidiary company for the purpose of taking advantage of lower labor costs.

## **SECTION 1 - UNION-COMPANY RELATIONSHIP**

### **RECOGNITION**

Pursuant to and in conformity with the Public Employment Relations Commission the Company recognizes the Union as the sole and exclusive bargaining agency for the employees in the units previously certified by the National Labor Relations Board.

The Company agrees to meet and treat with the duly accredited officers and Committees of the Union upon all questions.

### **MANAGEMENT RIGHTS**

The Management of the Company and the direction of the working forces, including the right to hire, suspend, discharge for proper cause, promote, demote, or transfer, and the right to determine the size of the working forces, are recognized to be in the Company, but each employee covered in this agreement shall have the right provided in this agreement for the adjustment of grievances.

#### **A. GRIEVANCE PROCEDURE**

Should any dispute or grievance arise between the Company and the Union, or any of its members, as to the interpretation, application, or operation of any provisions of this agreement, not specifically settled in said agreement, both parties shall endeavor to settle the question in the simplest and most direct manner. All time limits contained herein are triggered from First Step decision dates. If an employee absence is covered by contractual provisions and those absence dates prevent the employee from attending a scheduled hearing, those absence dates shall not be included in the calculation of these time limits. Time limits can be waived by mutual consent of the VP/GM of Bus Operations or their designee and the Chairman of the New Jersey State Council, or a President/Business agent of a local union or their designee. The procedure shall be as follows unless any step thereof is waived by mutual consent:

**First:** Such dispute or grievance is to be taken up between the employee and the Union representative and the supervisor, foreman, or department head. Grievances submitted by union officials must be submitted in writing within one hundred eighty (180) days of the event giving rise to the grievance. First Step Hearings shall be scheduled at a date and time that both the grievant and a Union representative are available. Employees are required to appear at the date and time scheduled, unless prior request is made for a rescheduled time and date. Hearings rescheduled

with a prior request must be scheduled at a mutually agreeable time and date. Employees failing to appear for a rescheduled hearing without an exceptional cause may be held out of service without pay until such time as they appear as directed.

**Second:** Between the President or Business Agent of the Union and/or the State Business Agent of the Union and the Division Manager or department head. Either the Company or the Union representative may delegate their authority. The Division office must be notified of requests, documented in writing, for a Second Step Hearing by close of business two business days after the date of First Step Hearing decision (not including weekends and holidays). For example, a decision rendered on a Friday must be appealed by close of business Tuesday (Wednesday, in the case of a holiday on Monday or Tuesday). Second Step Hearings shall be conducted no more than 30 calendar days after the First Step decision is rendered (not including the day of the decision). Second Step decisions shall be rendered no more than 10 calendar days after the beginning of the Second Step hearing and confirmed in writing. Failure to provide a decision will result in the charges being dismissed or the grievance being sustained. If the grievant fails to appear for a Second Step hearing as scheduled, the appeal shall cease to exist and the discipline sustained. If the grievant fails to appear due to an exceptional cause, the time calculation shall be suspended for no longer than 30 calendar days until such hearing is held.

**Third:** Between the President or Business Agent of the Local involved and/or the State Business Agent of the Union and the General Manager of the Company. Either the Company or the Union representative may delegate their authority. Appeals of Second Step decisions must be submitted in writing (fax or email is acceptable) to the designated Labor Relations Representative no later than close of business five business days after the Second Step decision is rendered (not including the day of the decision). Third Step Hearings shall be concluded no later than 75 calendar days from the First Step decision date. Failure to provide a decision will result in the charges being dismissed or the grievance being sustained. If the grievant fails to appear for a Third Step hearing as scheduled, the appeal shall cease to exist and the discipline sustained. If the grievant fails to appear due to an exceptional cause, the time calculation shall be suspended for no longer than 30 calendar days until such hearing is held.

**Arbitration:** It is the stated intent and purpose of both parties at all times to reach agreement by negotiation between the Company and the Union, without recourse to arbitration. In the event, however, that such dispute or grievance is not settled to the satisfaction of the parties through recourse to the Third Step, the dispute or grievance may be referred by any Division or the State Council of the Union, or Company, to arbitration in accordance with applicable rules of

the American Arbitration Association or the New Jersey State Board of Mediation, the choice of one or the other to be made by the defending party in the arbitration procedure. Appeals to arbitration must be filed within one hundred eighty (180) days of the Third Step decision or the grievance will cease to exist, provided, however, that for employees disciplined for arrests and/or convictions the 180-day filing deadline shall not begin to run until the charges forming the basis of the discipline have been determined by a trial court or otherwise resolved. In cases where the filing deadline is tolled pending resolution of criminal proceedings, the Company shall have no backpay exposure for the entirety of the tolling period.

To illustrate the above concept: Employee is disciplined on January 1 for arrested/convicted for charges involving an alleged crime. The first step decision is rendered February 1. The third step decision is rendered April 1. The employee's criminal trial concludes September 1. The 180-day limitations period will begin to run on September 1. The Company will face no backpay exposure for the period of April 1 through September 1.

Once arbitration has been requested, each party will select its own arbitrator. The two party arbitrators will select a third, neutral arbitrator. After the appointment of the third arbitrator, the Arbitration Board shall meet for the purpose of reaching a determination of the dispute or grievance, and the decision of the majority of the board, submitted in writing, to the Company and the Union, shall be final and binding upon both parties. Each party shall bear the expense of its own arbitrator, and the expenses of the third arbitrator shall be borne equally by both parties.

Authority of the arbitration board shall be limited to the determination of the dispute or grievance arising out of the interpretation, application or operation of the provisions of this agreement, on submission of the issues involved by the parties to this agreement. It shall not have any authority whatsoever to alter, amend or modify any of the provisions of this agreement.

## **B. DISCIPLINE**

1. **Notice of Discipline; 72-Hour Rule:** When employees are called into the office on a charge or charges, they shall answer to such charge or charges only, provided that when complaints are made by Company officials that the employee is personally notified within 72 hours of the alleged offense, except in registration cases, the employee's two (2) days off will not be included in the computation of the 72 hours. Provided that the 72-hour period for notification begins when the employee physically reports to work at the start of a scheduled work shift and performs his/her duties on such shift. The notice of hearing shall include the time of the incident or infraction.

2. **Hearing Prior to Entry of Discipline:** Entries will not be placed against the discipline record of any employee until such employee has been given a hearing and the charge or charges have been proven.

3. **Suspensions Pending Hearing:** Employees shall not be suspended for incivility, minor violations or accidents, until full investigation by the Company and the Union determines the facts of the case. Where existing laws automatically provide for suspension of driver's license, they will, of course, be observed. Effective March 31, 2007, all one-day suspensions shall be administrative only.

4. **Immediate and Delayed Discipline:** Effective March 31, 2007, all suspensions of greater than one day shall not begin until after completion of the Third Step except in discharge cases and cases involving: (a) violence or threats of violence; (b) fighting; (c) possessions of a weapon; (d) theft or embezzlement; (e) fare-related irregularities; (f) sexual harassment or EEO violations; (g) drug or alcohol abuse; (h) criminal conduct or gross disregard of safety rules; (i) driving without a valid CDL; (j) gross insubordination; or (k) lewd conduct. In such cases (i.e. suspensions of greater than one day that involve one of the exceptions listed above), the suspension shall commence immediately upon issuance of the discipline at the First Step.

5. **Expungement of Discipline:** Effective March 31, 2007, due consideration shall be given to the record of the employee for the past three (3) years when determining proper discipline.

6. **Time to Answer a Charge; Application of Discipline:** When employees are notified by written notice to come to the office to answer any charge or charges, it may be at the completion of their day's assignment, or on their swing, or before the start of their midday or night assignment, or at the completion of an a.m. tripper. When discipline is applied, effective March 31, 2007, any suspension or termination of service shall be effective immediately as provided in Section 1B(4) above. When an employee is not permitted to start work or finish assignment, that day shall be applied to discipline. Suspensions shall cover consecutive days.

7. **Copy of See-Me Slip to Union:** A copy of the violation slip that spells out the discipline applied by the Supervisor or Company official at the first step of the grievance procedure shall be given to the Union representatives, who shall then make a signed acknowledgment that they have received a copy.

8. **Reimbursement of Lost Time When Employee Innocent of Charges:** When it is established that employees are innocent of charges against them, they shall be reimbursed for lost time as the result of a suspension or discharge.

9. **Time Over Head Option:** Effective March 31, 2007, for any Warning or one-day suspension, employees shall have the option to either: (1) challenge the discipline pursuant to the grievance procedure, or (2) waive this right and instead opt to take “time over head” for a period of 12 months. An employee who elects to take “time over head” waives the right to challenge the discipline beyond the first step and, in return, shall have the Warning or one-day suspension expunged from his/her record if he/she has no further discipline for 12 months.

10. **First Step Around Holidays:** Effective March 31, 2007, the Company shall not hold any First Step on the day before or the day after a holiday, except in the situations described in Section 1B(4), above.

### **C. UNION SECURITY**

Employees entering the service of the Company may become members of the Union after 30 days. However, the 90-day probationary period agreed to by the employee on applying for a position with the Company will be recognized. The probationary period shall be measured from the time the employee arrives at the assigned garage or other assigned, permanent work location, not from the time the employee commences new employee training.

Employees who have been recalled from lay-off and who had completed their probationary period prior to lay-off, shall not be required to serve another probationary period.

All employees of the Company who are now or may hereafter become members of the Union shall strictly observe all operating rules and regulations of the Company and all special rules of the Company and of its officials.

The Company shall comply with applicable law regarding (1) the provision of information to the Union regarding negotiations unit members; (2) the provision of information to the Union regarding new hires; (3) Union access to Company facilities; and (4) Union access to Company email servers. The Union shall be permitted an opportunity to speak at new employee orientations conducted by the Company.

### **D. CHECK-OFF**

On the second pay day of each month, the Company shall deduct from the pay of such of its employees who are also members of the Union, their regular Union dues for the calendar month and promptly remit the same to the proper officials of the Union as designated by the latter in writing. For this purpose, the Union shall maintain and furnish to the Company a notarized list of its members in the employ of the Company together with the dues deduction in effect, not later than the last Thursday of each month.

The regular dues of pensioned employees who are members of the Union shall be deducted from the pension payments each month and be remitted to the proper officials of the Union.

Check-off of all dues must be authorized in writing by the employees and pensioners involved. Withdrawal of dues authorizations shall be in accordance with applicable law.

Not more than four (4) changes in the amount of dues check-off may be made in one calendar year.

**E. CREDIT UNION DEDUCTION**

On each payday the Company shall deduct from the pay of such of its employees as may be members of the Credit Union an amount authorized in writing by the employee and same shall be promptly remitted monthly to the Treasurer of the Credit Union. Withdrawal of such authorizations shall be in accordance with applicable law. The amount which the employee may authorize to be deducted shall be of his/her own choosing. Credit Union will be defined as Authorized Credit Union of each Local 540, 819, 820, 821, 822, 823, 824, 825 and 880.

**F. C.O.P.E. DEDUCTION**

The Company shall deduct from the pay of its employees, as may be members of the Union, an amount authorized by the employee in writing and same shall be remitted to the International Office of the Amalgamated Transit Union. Withdrawal of such authorizations shall be in accordance with applicable law.

**G. SHORTAGES**

When an employee makes an error in computation of Company receipts that results in a shortage of cash, or where they sustain any other shortage that is obvious and provable, it is agreed that the employee shall be liable to the Company for the amount of said shortage, and shall voluntarily reimburse the Company within ten (10) days after said shortage is brought to the employee's attention. When an employee has been shorted, he or she shall be reimbursed within ten (10) days after the shortage is brought to the Company's attention.

**H. HOLD HARMLESS**

The Union agrees to indemnify and hold the Company harmless from any causes of action, claims, loss or damages incurred as a result of Sections D-F above.

## SECTION 10 - SENIORITY AND BIDDING OF RUNS

### A

Seniority within a garage shall be established by continuous service in that garage, except as otherwise provided in Paragraph C (transfer of operators) and SECTION 12 - LAY-OFFS.

### B

Operators shall choose work by seniority as established in Paragraph A.

1. All regular passenger runs including those on holiday schedules will be put up for bid four (4) times a year: January, April, June and September. These dates may, at the option of the Company, be extended two (2) weeks beyond the end of particular month.

2. The bidding in of all runs will be allowed when new runs are established or existing lines shortened, extended or changes made in schedules.

3. Representatives of the Union may be present at such bidding in, if desired.

4. All runs shall be posted at least four (4) days before anyone shall be obligated to pick.

5. In the event of a discharge of an operator and an appeal is taken under the provisions of this agreement, their run shall not be posted until a final decision has been reached in his case. The present practice of the Company, in temporarily filling vacancies until the next general pick occurs, is to remain in force.

6. While a general pick is going on, the Company will not post new tables.

7. It is understood that at least 10% of the operators at the garage affected must pick each day; however, in any case, no more than twenty-five (25) operators shall be required to pick in a given day. No one will be required to pick on Saturday, Sunday or Holidays, except in an emergency.

8. Every effort must be made to contact operators away sick or on vacation.

9. The Company will be permitted a "same day only pick" on four (4) occasions each year, subject to the following rules:

a. The same day only pick may be run as a result of the Company implementing any change in schedule.

b. The pick shall be posted at least three weeks in advance.

- c. Operators who pick to be off shall receive eight (8) hours pay for the day.
- d. All other operators that are scheduled to work shall pick by seniority for the work that is available. Operators who satisfy all of their assignments for the same day pick shall be guaranteed at least 8 hours pay for the day.
- e. After the “same day only pick” is completed, the Company shall not assign operators picking to be off unless an emergency arises.
- f. Depending upon the types and levels of service changes for “same day only picks,” garage maintenance staffing will be looked at on a garage by garage basis and a pick posted. Changes in staffing levels and their distribution across classifications will be vested with management. Picks will be posted as per current practice at each location.

### C

Where operators are compelled through the consolidation or amalgamation of garages, car houses, or divisions of the Company to change from one to the other, they shall carry their seniority rights with them. Where lines are transferred from one garage to another, operators who transfer with the lines shall also carry their seniority with them but must remain on these lines until the next general pick.

Before the Company can move a line from one location to another, a full general pick must be first posted in the garage the line is moving from. All employees must then bid on all jobs. Where such consolidation or amalgamation causes undue hardship and the employee shows cause, the Company agrees to pay for reasonable moving expense incurred by the employee in following their work.

When a run is transferred from one garage to another, an operator will pick to go with the run. For every three (3) runs, four (4) operators will be allowed to pick. For every six (6) hours of additional work one (1) additional operator will be permitted to transfer with this work. In each of these situations, operators transferring shall carry their full seniority with them.

Employees who may be forced to follow work by transferring to other locations may return to their original location, when an opening occurs, with full seniority rights.

### **SECTION 11 - DAYS OFF**

The Company will allow regular operators two (2) consecutive days off duty in every seven (7) days or payroll week. For those whose runs fall out on Saturdays and Sunday, those days will

be considered their days off. For those whose runs fall out on Saturday or Sunday, that day will be considered one of their days off. All other days off are to go with the run assignment.

Extra operators, by seniority, may select days off from available days. Split days off, one of which shall be a Sunday, will be kept to a minimum but shall not affect more than 40% of the total number of extra operators in each garage.

## **SECTION 12 - LAY-OFFS AND TRANSFERS**

### **A. LAY-OFFS**

Where there is a lay-off of operators, the last operator hired shall be the first operator laid-off. This shall be accomplished in the following manner:

1. The seniority principle will be applied by having employees with greater Company seniority within a garage, "bump" employees with lesser seniority in the same garage until the last hired employee within the particular garage is laid off. Such a laid off employee shall be entitled to "bump" any employee with lesser seniority in any other garage of the Company's Operating Division and then in any garage of the Company.

2. When a transfer of an operator from one garage to another is necessary to accomplish such lay-off, the operator so transferred shall return to the operator's original location with full seniority rights when the first opening occurs. However, they shall sign a waiver relinquishing all claims to seniority rights at the original location when they choose to remain at the location to which they were transferred.

3. In the event of transfer of employees between garages as aforesaid, on account of a lay-off, employees so transferred shall retain their bidding date seniority at their new garage for all purposes.

### **B. TRANSFERS**

1. If the Company determines to reduce its operators work force in a given garage, but has an opening in other garage within its same operating division, then the last senior operator(s) in that garage affected by such reduction in work force shall be subject to transfer as follows:

2. The Company will, in advance, post both the number of operators to be affected by the reduction and the number of openings for operators available in other garages within the same Company division, designating such openings.

3. The least senior affected operator(s) may pick, according to seniority, the open positions and be transferred with their then existing bidding rights. Those operators with three (3) months service or more choosing not to pick an open position shall have the right to "bump" any operator

within the same Company division according to seniority, carrying with them their then existing bidding rights.

4. Employees affected by such a transfer may return to their original location with full seniority rights when the first opening occurs. However, they shall sign a waiver relinquishing all claims to seniority rights at the original location when they choose to remain at the location to which they were transferred.

5. Request Transfer: When operators request a transfer to another garage and the request is granted, they retain all Company seniority except for bidding purposes. In the event of a lay-off, their Company seniority shall prevail.

A relief period may be allowed for this meal between the completion of the regular time and the beginning of the overtime. An additional meal allowance will be paid when an employee works five (5) more hours of overtime after the first three (3) hours of overtime. All payments made under this section will be included in the employees normal payroll check.

#### **F. TEMPORARY ASSIGNMENT**

When employees with a lower department pay rate are assigned to work on a job with a higher rate of pay, they shall be paid at the higher rate. When the rate is lower they shall retain their own rate.

One week of vacation, picked in days, equates to five individually picked vacation days. Eligible Employees may not later revoke the decision to select one week of vacation in days. Eligible Employees who do not comply with the process set forth in this paragraph waive their ability to pick one week of vacation in days.

At the general vacation pick, Eligible Employees who have elected to select one week of vacation in days will be provided with a separate vacation in days pick from which to choose their individual vacation days in accordance with seniority rules. All five days must be chosen at the time of the vacation pick.

Once chosen, vacation days cannot be changed.

#### **M. LEAVE OF ABSENCE**

1. The Company agrees that all officers or Committee Members of the Union shall have preference over all other employees in getting leave of absence when doing business for the Union. Members of the Union elected or appointed to any office in the Union which requires their absence from work shall, upon retirement from such office, be reinstated to their former position with their cumulative seniority rights in the Company's service.

2. The pensions of employees who are Union Officers shall be determined by the same calculation used for other employees, except that the earnings factor in such calculation shall be based on the amounts such Union Officers would have earned on a sixty-hour work week basis had they been employed during the best three (3) years of the last ten (10) years preceding retirement at the job classification they left upon becoming Union Officers.

In computation of pensions for employees who are occasionally engaged in work for the local union in matters related to the agreement with the Company, credit shall be given for the time spent to a maximum of eight (8) hours, except for General Office Employees which will be to a maximum of seven (7) hours.

The Secretary-Treasurer of the local union shall give notice to the Company on a monthly basis, stating days lost as well as reasons for such lost time. Such time shall be recorded after being mutually agreed to by the Company and the Union.

In computation of pensions of employees who are occasionally engaged in labor negotiations and other Union work involving the Company, credit shall be given for time so spent if required to produce a pension equal to but not in excess of a pension computed for a full-time Union official in a like employment classification. Such time shall be recorded monthly after being mutually agreed to by Union and the Company.

3. Employees suspended from employment after January 1, 1985 because of revocation of their driver's licenses shall be granted a leave of absence for a period of not more than seven (7) months. Effective January 1, 2019, such a leave of absence shall be granted for a period of not more than thirteen (13) months. While on leave of absence, the suspended employee shall not bid on any open jobs. Employees will return to their prior location after leave of absence. The Company may use a part-time employee to cover the leave period and the part-time hours involved shall not count against the percentage limitations upon the use of part-time employees.

Should employees' sick benefits and any vacation entitlement run out prior to their location of such work, they will be given Temporary Disability Allowance (T.D.A.). The TDA benefit is determined using the same basis for calculation as provided under the provisions of a Permanent Disability Pension as stated in the ATU Retirement Plan. While on TDA, employees must bid on available posted jobs until work can be found within their last Company operating Division (Northern or Southern) for which they are physically qualified. However, they may also be assigned by the Company to the jobs that have not been bid on in the normal bid process or any other job for which they are physically qualified. The employee's company seniority will continue while on TDA except for pension purposes where seniority will only accrue for one year from the commencement of disability. While receiving benefits the employee is subject to periodic re-

examination by the Company Doctor. **TDA benefits will cease for any employee who is not approved for any work within one year of the commencement of TDA benefits.** (Bolded for Emphasis)

#### **O. SICK DAYS**

A. Effective upon ratification of this Agreement, employees are entitled to five (5) paid sick days per calendar year. An employee must be employed for at least six (6) months before being entitled to utilize any sick days. A doctor's verification of the illness shall be required when a sick day is used: (i) on an employee's last scheduled working day prior to a holiday, (ii) on a holiday on which the employee is scheduled to work, (iii) on the first scheduled working day after a holiday, or (iv) as a working day for day off overtime consideration. - a. Notwithstanding any other provision of the collective bargaining agreement, the Company may continue to employ part-time operators, but with the use of such part-time operators being subject to the restrictions and limitations imposed by this section. Part-time operators will only receive pay and benefits specifically provided for in this section.
- b. The introduction of part-time operators is not intended to, and shall not affect adversely the continued employment of full-time operators by taking work away from full-time operators and transferring it to part-time operators. To accomplish this objective, no part-time operator shall work at a time when a full-time operator is on economic layoff (not employed by NJT Bus) and willing to work.
- c. No part-time operator shall work more than 30 hours in any work week, except where unavoidably delayed on assignments which have been picked, or by weather or

breakdown on the last day worked. This limitation shall only refer to actual driving hours.

(1) In calculating “actual driving time” for purposes of this 30-hour rule, the parties agree that the following payroll codes shall count toward same:

P00: Scheduled Platform Time

P02: Scheduled Distance Relief

P14: Non-Scheduled Platform Time

P28: Delay Time (except on the last day of the work week)

P42: Shifting

P50: Other Special Service Time (includes both Travel Time and Break in Time when operator is at the controls)

(2) In calculating “actual driving time” for purposes of this 30-hour rule, the parties agree that the following payroll codes shall NOT count toward same:

P04: Travel Time (operator not at controls)

P26: Non Scheduled Non Driving Time (misc. non-driving)

P54: Break in Time Old Operator (operator not at controls)

P58: Education Time (in-class education)

P62: Court Voucher (courtroom appearance)

P66: Random Drug & Alcohol Testing

P80: Emergency Work

P86: Instruction Time (payroll code only for differential to driver for time spent instructing other drivers while being paid under other driving code)

P88: Break in Time New Operator (operator not at controls)

P99: ADA TIP Training (in-class education)

With respect to P54 (Break in Time Experienced Operator) and P88 (Break-in Time New Operator), any time spent at the controls of the vehicle by the part-time operator being broken in shall be deemed “actual driving time” and shall be counted toward the 30-hour calculation. The current practice of driving taxi busses shall remain as per current practice, however, if a part-time operator is at the wheel, any such driving time shall be recorded as P50, which will count as driving hours.

(3) The Company shall distribute to each business agent weekly copies of the 41C report for review. On a monthly basis, the Chairman of the State Council and the business agents shall receive for review an exception report from the Company for 30-hour issues.

(d) Part-time operators shall work up to 10% of the scheduled platform hours per week in the system. The determination of the amount of scheduled platform hours available to be worked by Part-time Operators will be based upon the total number of scheduled platform hours in the system at the time of the General Pick.

(e) If the Company adds unscheduled extra pieces after the General Pick, no more than 20% of the platform hours of such pieces shall be assigned to part-time employees.

(f) Part-time operators may work all charters, subject only to the provisions of paragraph "c" above, and provided that there are no full-time operators in the garage who are assigned or who volunteer to work same.

(g) Part-time operators may be assigned to emergency work, subject only to the provisions of paragraph "c" above and not subject to any daily limitations. An emergency is defined as any work which results from factors which could not have been anticipated.

(h) Part-time operators will be paid consistent with the tables reflected in Section 2B-wages-part time operators. For purposes of calculating advancement in progression, 173.3 hours shall constitute a month's work.

(i) The probationary period for part time operators shall be 520 hours.

(j) Part-time operators shall be entitled to, and covered by, the contract provisions of Union membership and check off on a non-discriminatory basis, and the grievance procedure after completion of the probationary period. In calculating the 72-hour notice period for discipline for part-timers, the days a part-timer does not work will not be included in the computation of the 72 hours.

(k) Part-time operators will not accrue seniority except within the unit of part-time operators at the garage where employed. This seniority will apply only when reducing part-time forces in that garage.

(l) [SECTION DELETED]

(m) Part-time operators will be furnished free transportation service on all regular route operations of NJ TRANSIT Bus Operations Inc.

(n) Part-time operators will be supplied an initial uniform and shall receive a uniform allowance after the completion of 2,080 hours.

(o) The Company's right to use part-time operators shall terminate if repeated proven violations of the limitations contained in this section occur and continue to occur following written notice of the nature and approximate dates of such violations delivered to the General Manager of the Company by the Union. If a bona fide dispute arises concerning the occurrence of such violations alleged to have been repeated, the matter may be submitted directly to arbitration at the request of either party pursuant to the applicable terms of this agreement.

(p) Part-time Operators are entitled to delay time at straight time rate.

(q) Travel time, as provided in Section 4-C, will be applicable to part-time operators.

(r) Part-time operators going to seasonal shall maintain their present rate and continue progression during the period of time they serve as seasonal and their return to part time status. They shall not suffer any loss of rate as a result of transferring back and forth from part time to seasonal.

(s) Effective April 1, 2003, Part time operators will be entitled to a quarterly bonus based on days worked, using the following schedule:

- Those working 65 or more days per quarter will receive \$300.00.
- Those working 39-64 days per quarter will receive \$200.00.

Part time employees hired after February 27, 2003 shall be expected to work 20 days per quarter to remain an employee in good standing. Repetitive occurrences of working less than 20 days per quarter may result in disciplinary action, up to and including discharge.

For purposes of this paragraph, a quarter will be January-March, April-June, July-September, and October-December. Bonus checks will be paid within 30 days of the close of the quarter, beginning with the April 1, 2003 to June 30, 2003 quarter.

(t) All part-time operators shall be expected to report five (5) minutes before pull-out time of each assignment for which they shall be paid five (5) minutes pay at straight time for each assignment.

(u) Part-time operators on full service lines, who turn-in to a receiver, will be paid ten (10) minutes pay at straight time for turn-in time for each day in which they perform platform work. However, part-time operators on exact fare lines who are not required to turn in to a receiver will not be paid turn-in time.

(v) Effective March 31, 2007, part-time operators shall be entitled to pay at straight time of twenty (20) minutes for accident or witness reports. All statements to Claims Department

investigators shall also be paid actual time, with a minimum of fifteen (15) minutes up to a maximum of sixty (60) minutes.

(w) [SECTION DELETED]

(x) In addition to the foregoing, part-time operators shall also be entitled to the following benefits:

- Credit Union Deduction, as provided in Section 1E
- C.O.P.E. Deduction, as provided in Section 1F
- Shortages, as provided in Section 1G
- Name Plates, as provided in Section 4L
- Package Express, as provided in Section 4M
- Breaking In Time, as provided in Section 7C
- Expenses, as provided in Section 7E
- Injuries, as provided in Section 16C
- Wages for time spent attending a hearing or investigation of any kind, as provided in the first sentence of the first paragraph of Section 16F
- Legal counsel for motor vehicle summonses, as provided in paragraphs 5 and 6 of Section 16F
- Physical Examination, as provided in Section 16G
- Bond, as provided in Section 16H
- Safety and Health, as provided in Section 16J
- Tax Deferred Savings Program, as provided by Section 16L-2
- Direct Deposit, as provided in Section 16L-13
- Payroll Deductions, as provided in Section 16L-14
- Leave of Absence, as provided in Section 16M-1 and 16M-3 (not 16M-2)
- All benefits that have been applied to part-time operators by virtue of any side agreements between the parties shall continue to be applicable to part-time operators, unless this agreement expressly provides otherwise.

(y) Notwithstanding any other section or provision of the Agreement, part-time operators are not entitled to any of the benefits set forth in Section 16L of the Agreement or in any other section of the agreement, which are solely intended for and are applicable only to full-time employees and no others. As such, part-time operators are not entitled to any of the following benefits: paid vacation days, disability pay, sick days, insurance, pensions,

medical/dental/mental/vision insurance and benefits, or any other pay, benefits, entitlements, or allowances that are not expressly and clearly set forth in Section 16P. No arbitrator interpreting this Agreement shall have any jurisdiction or authority whatsoever to provide any part-time operator with any benefit or entitlement that is not expressly set forth in Section 16P. The Union reserves the right to negotiate additional benefits following expiration of this Agreement.

(z) Notwithstanding any other provision of the collective bargaining agreement, the company and ATU agree that the part-time operator program will be replaced with a full-time provisional operator program as follows:

1. The company will create a full-time provisional operator program to replace the part-time operator program. Existing part-time operators who wish to remain as part-time operators will be grandfathered in. NJ TRANSIT will not hire any additional part-time operators and relevant sections of the CBA will be amended / deleted to reflect this change. Part-time operators who leave the part-time program may not return.
2. Work schedules for grandfathered part-time operators will be created to comply with the limitations contained in the part-time agreement (30 hours) for the purposes of creating pickable work. The number of part-time pickable runs will be limited and may result in part-time operators having no runs to pick. In the event that the number of part-time operators exceeds the number of pickable runs, NJTBus will create "day to work slots" which will be posted concurrent with the picked runs and will be open for the remaining part-time operators to pick from. These day to work slots shall be considered their picked work. Part-Time Operators must call in after 4:00pm on the day prior to their day to work slot to determine whether work has been assigned. Employees who pick day to work slots but fail to timely report to work and/or work as assigned, will be subject to the Attendance Policy. If work assigned to a part-time operator is subsequently taken away, the Company shall attempt to contact the part-time operator at the operator's phone number of record. Even if the Company fails to make contact with the part-time operator prior to the run, the part-time operator shall not be entitled to pay for work that is taken away. All part-time operators will be required to pick work based upon their seniority. Part-time operators are not entitled to the guarantee provisions contained in the CBA. Part-time operators failing to perform their picked assignment will be subject to the attendance policy.

3. Provisional full-time operators will be considered full-time operators for the purposes of pay calculations (including calculation of overtime), picking of runs, and working conditions. Part-time operator's picked assignments may be replaced with full-time operators in order to comply with the full-time guarantee provisions of the CBA.
4. Provisional full-time operators shall be entitled to and covered by the contract provisions for Union membership and check-off on a non-discriminatory basis.
5. The number of provisional full-time operators will be limited to 10% of the total full-time operator workforce in each garage.
6. The ratio of regular full-time operators to provisional full-time operators will be reset at the beginning of each general pick change, as needed, first by promoting the appropriate number of provisional full-time operators to regular full-time operators to maintain the ratio limitations.
7. When the need arises, provisional full-time operators will be promoted to regular full-time operators based on their hire date as a provisional full-time operator (employee number will serve as the tie-breaker). Provisional full-time operators will be considered for promotion to regular full time operator prior to any outside applicant being considered for hire as a regular full-time operator. Provisional full-time operators offered a regular full-time operator position must advance.
8. For all part-time operators converting to provisional full-time operators as of the effective date of this provision, the operator's hire date as a part-time operator will determine the seniority rank for both garage seniority and system-wide operator seniority. In the event multiple provisional full-time operators are promoted on the same date and have the same hire date, their employee number will be used to rank their seniority with the lower number being the senior operator. Grandfathered part-time operators shall be offered an opportunity to become provisional, full-time operators by garage, before NJTBus hires full-time provisional operators from outside NJTBus. A part-time operator may refuse the first offer of a promotion to provisional full-time operator and remain a grandfathered part-time operator. However, the part-

time operator's right of first refusal to become a provisional full-time operator is thereby extinguished. In the event a part-time operator later seeks to become a full-time provisional operator the operator must notify NJTBus, in writing, of their desire. Part-time operators will then be selected to fill full-time provisional vacancies in their existing garages, by seniority, but only if a vacancy exists. Part-time operators who convert to provisional full-time operators after refusing the first offer of promotion will have their full-time provisional operator seniority determined solely based upon the date they become full-time provisional operators.

9. Provisional full-time operators will be subject to a 90-day evaluation period during their first 90 days of employment. Only when deemed by the Company to have successfully completed the 90-day evaluation period will provisional full-time operators be covered by the grievance procedure and the disciplinary procedures as outlined in the CBA. During the evaluation period, a provisional full-time operator's continued employment will be contingent upon satisfactory performance in areas including, but not limited to:
  - i. Attendance
  - ii. Safe driving
  - iii. Customer service
  - iv. Adherence to Company rules and policies
10. Provisional full-time operators promoted to regular full-time operators shall have all time worked as a full-time provisional operator considered against the six-month waiting period for holiday pay.
11. Part-time operators who convert to provisional full-time operators who have completed 1,040 hours or more of work as a bus operator at NJ TRANSIT and who work on a holiday, shall be paid four hours holiday pay, provided that provisional full-time operators scheduled or requested to work and failing to do so without proper excuse, shall receive no compensation for these holidays. A provisional full-time operator, if scheduled, must work the day before and the day after a holiday to be entitled to holiday pay.

12. Provisional full-time operators will be entitled to one week vacation of 40 hours at their regular rate after one year of service. Provisional full-time operators will also be entitled to earn holiday pay of 8 hours, at their regular rate, after 1 year of provisional full-time service.
13. Provisional full-time operators will accrue seniority applicable only for the purposes of bidding on runs, bidding on vacations, pay progressions, and reducing provisional full-time operator forces in a garage.
14. Provisional full-time operators will be supplied an initial uniform and shall receive a uniform allowance each April 1<sup>st</sup>.
15. Provisional full-time operators are not entitled to any of the benefits set forth in Section 16 (General Provisions), Subsection L (Benefits) of the Agreement except for the following:
  - i. Tax Deferred Saving Program
  - ii. Direct Deposit
  - iii. Payroll Deductions
16. In addition to the benefits listed above, provisional full-time operators shall also be entitled to the following benefits as set forth in the CBA:
  - Credit Union Deductions
  - Shortages
  - Name Plates
  - Breaking in Time
  - Expenses
  - Injuries
  - Wages for time spent attending hearings
  - Legal counsel for motor vehicle summonses
  - Physical Examination
  - Bond
  - Safety and Health
  - C.O.P.E. Deduction

- Leave of Absence, as provided in Section 16M-1 and 16M-3 (not 16M-2)

17. Provisional full-time operators are not entitled to any of the following benefits, which are intended solely for and are applicable only to regular full-time employees:

- i. Disability/TDA Benefits
- ii. Paid Sick Days
- iii. Health Coverage

18. The initial pay rate for newly-hired provisional full-time operators will be 60% of the existing top rate for regular full-time operators. The progression steps for provisional full-time operators will be as follows:

First 6 months of Service:	60%
6 months to 12 months:	65%
12 months to 24 months:	70%
24 months to 36 months:	75%
36 months to 48 months:	80%
48 months to 60 months:	90%
After 60 months:	100%

19. Grandfathered part-time bus operators who convert to provisional full-time operators will receive their existing part-time pay rate as of the date of conversion. On the date of conversion, their part time hours will be converted to years of service which will dictate all future progressions as defined in the wage progression clause of the Collective Bargaining Agreement.

Example: A part-time operator entering the provisional full-time program who carries 5200 part-time hours (which converts to 30 months of service) would enter the wage progression chart at 75% (4160-6240 hrs.) and progress to the 80% bracket (6240-8320 hrs.) in six months (when the operator would reach 36 months of service) rather than one year between progression levels. Thereafter the operator must wait the designated progression time of service to obtain 90% of top rate.

20. Grandfathered Part-Time Operators shall be entitled to annual unpaid vacation as follows:

- (a) Concurrent with the full-time vacation pick, part-time operators shall have a part-time vacation pick;
- (b) Part-time operators shall be entitled to vacation weeks as set forth in the vacation entitlement clause of the full time vacation provision; consistent with the number of hours they have accumulated as part time operators converted to years of service; and
- (c) Grandfathered part-time operators shall pick vacation weeks by seniority.

21. NJTBus shall institute a Holiday Pick for Grandfathered Part-Time Operators.

22. Effective January 1, 2019, the Company shall no longer hire full-time provisional bus operators.

#### **Q. SEASONAL OPERATORS**

1. In addition to part-time operators, the Company may hire seasonal operators in the Southern Division and at Howell garage. However, no full time employee shall be transferred as a result of a seasonal entering Howell garage. Said seasonal operators may only work between May 1st and September 15th. 2. The bidding in of all runs will be allowed when new runs are established or existing lines shortened, extended or changes made in schedules.
3. Representatives of the Union may be present at such bidding in, if desired.
4. All runs shall be posted at least four (4) days before anyone shall be obligated to pick.
5. In the event of a discharge of an operator and an appeal is taken under the provisions of this agreement, his/her run shall not be posted until a final decision has been reached in his/her case. The present practice of the Company, in temporarily filling vacancies until the next general pick occurs, is to remain in force.
6. While a general pick is going on, the Company will not post new tables.
7. It is understood that at least 10% of the operators at the garage affected must pick each day; however, in any case, no more than twenty-five (25) operators shall be required to pick in a given day. No one will be required to pick on Saturday, Sunday or Holidays, except in an emergency.
8. Every effort must be made to contact operators away sick or on vacation.
9. The Company will be permitted a "same day only pick" on three (3) occasions each year, subject to the following rules:
  - a) A pick will only be run as a result of the Company cutting work from the regular schedule;
  - b) The pick shall be posted with the regular pick;
  - c) In garages that have the holiday pick system, the pick shall be posted at least three weeks in advance;

- d) Operators who pick to be off shall receive eight (8) hours for the day;
- e) All other operators that are scheduled to work that day shall pick by seniority for the work that is available;
- f) After a “same day only pick” is completed, the Company shall not assign operators picking to be off unless an emergency occurs.
- g) Depending upon the types and levels of service cuts scheduled for “same day only picks,” garage maintenance staffing will be looked at for staff requirements and a pick will be posted. Employees choosing to be off will be paid for eight (8) hours. The actual number of staff reductions and their distribution across classifications will be vested with management. Picks will be posted as per current practice.

## **IX. DAYS OFF**

The Company will allow regular operators two (2) consecutive days off duty in every seven (7) days or payroll week. For those whose runs fall out on Saturdays and Sunday, those days will be considered their days off. Extra operators, by seniority, may select days off from available days. Split days off, one of which shall be a Sunday, will be kept to a minimum but shall not affect more than 40 % of the total number of extra operators in each garage.

## **X. LAY-OFFS AND TRANSFERS**

### **A. LAY-OFFS**

Where there is a layoff of operators, the last operator hired shall be the first operator laid-off. This shall be accomplished in the following manner:

1. The seniority principle will be applied by having employees with greater Company seniority with the City Subway “bump” employees with lesser seniority in the City Subway until the last hired employee within the particular garage is laid off. Such a laid off employee shall be entitled to “bump” any employee with lesser seniority in any other garage of the Company’s Operating Division and then in any garage of the Company.

2. When a transfer of an operator from one garage to another is necessary to accomplish such lay-off, the operator so transferred shall return to the operator's original location with full seniority rights when the first opening occurs. However, they shall sign a waiver relinquishing all claims to seniority rights at the original location when they choose to remain at the location to which they were transferred.
3. In the event of transfer of employees between garages as aforesaid, on account of a layoff, employees so transferred shall retain their bidding date seniority at their new garage for all purposes.

### **B. TRANSFERS**

1. If the Company determines to reduce its operators work force in a given garage, but has an opening in other garage within its same operating division, then the last senior operator(s) in that garage affected by such reduction in work force shall be subject to transfer as follows:
  2. The Company will, in advance, post both the number of operators to be affected by the reduction and the number of openings for operators available in other garages within the same Company division, designating such openings.
  3. The least senior affected operator(s) may pick, according to seniority, the open positions and be transferred with their then existing bidding rights. Those operators with three (3) months service or more choosing not to pick an open position shall have the right to "bump" any operator within the same Company division according to seniority, carrying with them their then existing bidding rights.
  4. Employees affected by such a transfer may return to their original location with full seniority rights when the first opening occurs. However, they shall sign a waiver relinquishing all claims to seniority rights at the original location when they choose to remain at the location to which they were transferred.
  5. City Subway operators who have worked a minimum of one (1) year at the City Subway may request a transfer to the bus garage they came from. If the Company grants the transfer the operator will retain all Company seniority except for bidding purposes. Seniority for bidding purposes at the bus garage from which the employee came from will be reduced by time served at the City Subway.

## **XI. CITY SUBWAY OPERATOR CERTIFICATION PROGRAM**

- A. Only full-time Bus Operators will be eligible to apply to transfer to the City Subway. Operators awarded an operator position at the City Subway must successfully pass the City Subway Operator Certification Program to qualify as a City Subway Operator. - B. Operators who fail to pass the City Subway Operator Certification Program will be transferred back to the bus garage they came from with full company seniority except for bidding seniority. Seniority for bidding purposes will be reduced by time spent at the City Subway.
- C. City Subway operators are required to pass annual City Subway Operator Certification, which includes an annual rules class and examination. The Company will develop and implement the rules, policies, procedures, training program and examinations necessary to certify an employee as a City Subway operator. The Company will meet with the Union before implementation of any new or revised rules, policies, procedures, training programs or examinations necessary to certify an employee as a City Subway operator. City Subway operators who fail to certify or pass the rules class examination will be disqualified and be offered voluntary transfer to the bus division.
- D. City Subway operators are required to possess and maintain a valid Commercial Drivers License (CDL).
- E. Incapacitated City Subway operators who have been disqualified from operating a light rail vehicle, but who are qualified physically to perform the work normally assigned to Cleaners shall be given preference in filling vacancies in the classification. Incapacitated City Subway operators who have been disqualified from operating a light rail vehicle but who are qualified physically and who have been approved to operate non-revenue vehicles on or adjacent to Company property and can perform the work normally assigned to Servicepersons shall be given preference in filling vacancies in this classification.

If, during this sixty (60) day period, an employee is found by the Company to be unqualified, the employee shall be returned to his or her former position and shall remain in such position for a minimum of one (1) year before being eligible to bid on a promotional opportunity.

If an employee fails twice to prove their qualifications for either the City Subway Car Technician or City Subway Signal/Line Technician position, the employee will be barred from further promotion to that position, unless the employee submits to the Company a Certificate of Completion from a fully accredited/licensed institution certifying successful completion of an electronic technology course of instruction which indicates that their skills have been enhanced.

The Company shall post a list of personnel who were engaged in overtime work on the previous day, in the office window at the Maintenance facility.

**IV. DAYS OFF**

Seniority, as defined by Local Union division below, shall be used in the selecting of consecutive days off, shift, and jobs, twice a year, June 1<sup>st</sup> and October 1<sup>st</sup>, or when an emergency occurs, to be effective on the first Saturday thereafter. Employees changing shifts or jobs must be capable of performing properly the work attached to the job picked.

They shall be paid at the prevailing rate for the work performed. Work presently held by employees who cannot drive or perform roadwork shall be excluded from picks.

The selecting of jobs, however, shall not restrict the Company from moving an employee from one job to another in emergencies, within or lower than their own job classification with the City Subway. Rate or classification seniority will be used for the bidding of work.

All employees in a classification can be used as vacation or sick relief replacement within or below their classifications, within their location by reverse classification seniority. This provision applies to all leaves of absence (including, but not limited to Military leave and disciplinary suspension) and short-term vacancies.

**V. TRAVELING TIME**

Employees sent out from City Subway on Company business shall be paid from the time they leave the City Subway until they return.

## **VI. SENIORITY**

Seniority shall prevail in all Local Union Divisions. In the event of a layoff, seniority principle will be applied in the following manner:

1. By having employee with the greater Local Union Division seniority within the classification affected, “bump” the employee with the lowest Union Division seniority within the classification throughout the Local Division.
2. If employees affected in aforesaid lay-off choose not to “bump” in another garage or their Local Division, they may choose to “bump” down into the next lower classification, and by so doing, remain in their garage.
3. By having employee with the least Company seniority in the Local Union Division “bump” any employee with lesser seniority in any other garage of the Company’s operating division, and then in any other garage of the Company.
4. The last employee to be “bumped” within the jurisdiction of any Local Division shall have the right to “bump” the last employee hired by the Company in the Maintenance Department wherever located.
5. In the event of transfer of employees between garages as aforesaid on account of a lay-off, employees so transferred shall retain their then existing seniority at their new garage for all purposes.
6. Employee in Mechanic A classification shall not be reduced to a lower classification in wage rate. Employees in the Repairman A classification for five (5) or more years in the Maintenance Department will not be reduced more than two (2) classifications in wage rate when they are assigned to other jobs.

Employees shall have the right to return to their original location when a vacancy occurs in their classification. Employees not desiring to return shall sign a waiver relinquishing all claims to seniority rights in their original location.

## **VII. VACANCIES**

All vacancies in any department shall be filled by promoting regular employees, provided they are qualified. Foreman and Union Representatives shall determine within sixty (60) days whether an employee is qualified or not. Employees failing to qualify within the sixty (60) day period shall be moved back to their former job. The sixty (60) day period may be extended by mutual consent. Employees bidding on a vacancy shall retain the rate of their former position until

qualified in the new position. Upon qualification, an employee shall be paid the new rate retroactively for the sixty (60) day qualification period.

Employees who fail to prove their qualifications after sixty (60) days in a new position shall be moved back to their former position and must remain in that position for a minimum of one year.

If an employee hired after ratification of this agreement fails twice to prove their qualifications for a position they will be barred from further promotion to that position unless they submit to the Company a Certificate of Completion of an outside course of instruction in applicable skills and/or technology which indicated that their skills have been enhanced.

Ability and merit being sufficient, seniority shall govern promotions.

Employees promoted to Repairman C shall pass an examination, ninety (90) days after such promotion, to determine their aptitude and ability to perform Repairman's work. Employees failing such examination shall be moved back to their former position.

An open Repairman's job within the City Subway shall be bid on by any employee with the greater City Subway seniority. This shall apply only to City Subway Servicemen.

Incapacitated City Subway operators who have been disqualified from operating a light rail vehicle, but who are qualified physically to perform the work normally assigned to Cleaners shall be given preference in filling vacancies in the classification. Incapacitated City Subway operators who have been disqualified from operating a light rail vehicle but who are qualified physically and who have been approved to operate non-revenue vehicles on or adjacent to Company property and can perform the work normally assigned to Servicepersons shall be given preference in filling vacancies in this classification.

**SECTION 18**  
**ATTENDANCE POLICY**  
**(TIC, MAINTENANCE, CLERICAL, FIELD SALARY AND TRANSPORTATION)**

**Section I. Employees' Obligation for Proper Attendance**

Regular, on-time and reliable employee attendance is crucial to the effective operation of New Jersey Transit's bus transportation system. Without reliable, on-time attendance by employees, dependable service to the public cannot be provided. To that end, this Attendance Policy and Procedures is hereby established to ensure that all employees know what is expected of them in the enforcement of an effective attendance system so that employees attend work as required. It is the responsibility of all employees to make themselves aware of this policy and be available for regular assignments, arrive on time and complete all their work assignments.

This policy is an administrative, attendance system designed to address attendance at work; payroll issues are not covered by this policy and will be covered by labor agreements between the Union and NJ TRANSIT. The grievance process outlined in the labor agreement will remain in place. Nothing in this attendance policy will change the existing practice of ordering employees to work.

[Effective January 1, 2016. The current policy will remain in effect until December 31, 2015]

This Attendance Policy is a No-Fault attendance policy. This Attendance Policy is designed to provide employees with an initial number of Attendance Occurrences that they may use on a no-fault basis and incur without receiving attendance discipline. In addition, the Attendance Policy also provides a set of "Exceptions" to be used to avoid or reduce Attendance Occurrences in certain situations. As such, notwithstanding any other section or provision of the Agreement, it is reemphasized, understood and agreed that there are no "excused absences" in this Attendance Policy and that the only Exceptions to the Attendance Policy are only those expressly set forth in the Attendance Policy. No arbitrator interpreting this Policy shall thus have any jurisdiction to interpret this Policy in a way that alters these Exceptions or adds new Exceptions. However, an Arbitrator may determine whether a particular Occurrence that was charged to an employee should have been subject to one of the Exceptions that are expressly set forth in this Policy.

## **Section II. Definitions**

1. **Occurrence** – An “Occurrence” is any attendance infraction as described within this Attendance Policy. An Occurrence may take place in any part of a shift. It is possible to incur more than one “Occurrence” in a single workday.
2. **AWOL** – “Absence Without Official Leave”– An Occurrence of a failure to notify by phone or appear in person within four (4) hours after the employee’s scheduled reporting time. An employee recorded as “AWOL” will be subject to discipline as outlined in the Transportation Employees Service Guide.
3. **Sick Turn In** – A “Sick Turn In” means an Occurrence of a failure to be present at work for an employee’s entire day of work due to the employee’s own sickness, own illness, own injury or own medical appointment. To obtain any “Sick Turn In”, the employee must notify the office prior to their scheduled start time.

For bus and light rail operators, a Sick Turn In notification must be given 60 minutes before their scheduled pull out time.

4. **Unavailable** – An Occurrence of a failure to be present at work on an employee’s entire day of work due to personal reasons. To obtain an “Unavailable”, the employee must notify the office in person or by telephone before their scheduled start time.

For bus and light rail operators, an Unavailable notification must be given 60 minutes before their scheduled pull out time.

5. **Late Arrival (TIC, Transportation, Clerical, Maintenance and Field Salary)** – An Occurrence of an employees’ failure to arrive on time at the beginning of the shift and/or return to work from a lunch break in accordance with the selected work schedule. The following will apply for purposes of defining what constitutes a “Late Arrival”:

(A.) **TIC:** Employees are assessed a “Late Arrival” at TIC if they are not logged into the ACD system within five (5) minutes of their scheduled start time. An employee logged in more than five (5) minutes after the start of their shift *or*, returning late from a lunch break is considered a “Late Arrival”.

**(B.) Maintenance; Clerical; Field Salary:** A “Late Arrival” will be assessed upon an employee’s failure to report to work at the scheduled beginning of the employee’s assigned shift or, returning late from a lunch break.

**(C.) [Effective September 23, 2008] Transportation** – “Operator’s Late Arrival” – For Bus and Light Rail Operators Who Provide Notice of Inability to Work at Least 60 Minutes Before the Operator’s Scheduled Report Time and Are Assigned Another Assignment Paying *Less* Than Eight Hours

1. (i) An Occurrence of “Operator Late Arrival” will be allowed only in situations where an operator provides notice at least 60 minutes before the operator’s scheduled report time. (ii) The given notice must be of the operator’s inability to start and work that assignment and of the operator’s ability to work some “Other Assignment” in the same calendar day. (iii) If the Operator is granted an “Other Assignment” which is identified at the time assigned as paying less than eight hours and actually works the “Other Assignment”, the operator will be assessed one Occurrence for Operator Late Arrival (“OLA”) regardless of the total number of hours worked by the Operator during his/her entire shift. (iv) If the operator is not granted an OLA and, as a result does not work on that calendar day, the operator will be assessed an Unavailable. (v) The term “Other Assignment” is defined as any other piece of work the operator is offered to and actually works in the same calendar day that pays less than eight (8) hours. Decisions on OLA’s will be based on the needs of the garage to efficiently handle the work.

Where the Operator complies with ¶ (c)1 above and is given the “Other Assignment” but then one of the following scenarios occur, the following procedure will be followed:

***Scenario A:*** With respect to the “Other Assignment”, If the operator can’t work that “Other Assignment” as well but provides at least 60 minutes notice of his/her inability to work that “Other Assignment” and, as a result, does not work at all during that calendar day, the Operator Late Arrival (OLA)

assessed for the initial work assignment will be reclassified to an “Unavailable” or “Sick Turn In”, for the entire day’s absence.

**Scenario B:** With respect to the “Other Assignment”, if the operator can’t work that “Other Assignment” as well but provides at least 60 minutes notice of his/her inability to work the “Other Assignment” but then works yet another assignment in the same day, the operator will be assessed one “Operator Late Arrival” (OLA) for the calendar day.

**Scenario C:** With respect to the “Other Assignment”, if the operator can’t work that “Other Assignment” as well but fails to provide at least 60 minutes notice, or fails for any reason to report to the depot office or the designated location within 5 minutes before their scheduled report time for the “Other Assignment”, the operator will be assessed a Miss for that “Other Assignment” and the prior Operator Late Arrival (OLA) will be erased.

2. If the Operator is granted an OLA for an assignment that is scheduled to pay *less* than eight (8) hours, the fact that the Operator may ultimately be paid for eight (8) or more hours for the total shift shall not entitle the Operator to the ORFOR Exception, as the determination as to whether an assignment qualifies for an ORFOR (as opposed to an OLA) is made on the basis of the assigned “Other Assignment” at the time of assignment and not on the basis of the total number of hours actually worked or paid to the Operator during such a shift.
  3. Notwithstanding subsection 5(C)(2) above, where supervision requests an Operator to work additional pieces of work, and the cumulative number of hours assigned totals an amount that pays at least eight (8) hours, an ORFOR Exception will be granted.
6. **Leave Early**– An employee’s failure to complete all of their assigned work shift or schedule.

7. **Sick Leave Early** – An employee’s failure to complete all of their assigned work shift or schedule due to an unexpected personal sickness.
8. **Miss** – Bus and Light Rail Operators will be assessed a “Miss” Occurrence where such employees fail for any reason to report to the Depot Office or the designated location within five (5) minutes before their scheduled report time or, fail to provide 60 minutes notice of a Sick Turn in or Unavailable.

**SECTION III. ATTENDANCE SYSTEM**

**A. GENERAL PROCEDURES**

1. Effective January 1, 2016, all employees’ Occurrences will reset to zero. This Attendance System will be based on a two-year cycle, which runs from the first occurrence for each employee.
2. During the two year cycle, each of the defined absences in §II above constitutes an “Occurrence”.
3. Each “Miss” will be assessed as one occurrence for the first five. Any subsequent “Miss” will be assessed as two Occurrences each.
4. In the event that an employee obtains the 24<sup>th</sup> Occurrence in the employee’s two year period, such an employee will be discharged.
5. On the two year anniversary of an employee’s Occurrence(s) the occurrence total shall be reduced by the number of Occurrences that have reached two years of age. This disciplinary progression outlined in Section III. A(5) below continues, but will reflect the reduction.
6. The following disciplinary progression will be assessed for cumulative Occurrences during a two year cycle:

7 <sup>th</sup> Occurrence	Counsel
10 <sup>th</sup> Occurrence	Warning
13 <sup>th</sup> Occurrence	1-day Suspension (Administrative)
16 <sup>th</sup> Occurrence	3-day Suspension (Administrative)
19 <sup>th</sup> Occurrence	5-day Suspension (Administrative)
22 <sup>th</sup> Occurrence	10-day Suspension with final warning
24 <sup>th</sup> Occurrence	Discharge

**When an employee is assessed discipline based on accumulated Occurrences as indicated above, the discipline will be imposed immediately.** If an employee receives more than one 10-day suspension in any 12 month period for violating this Article, only the first 10-day Suspension will be non-Administrative. An employee shall not be assessed any penalty as a result of Occurrences being reduced.

## **B. PROCEDURES FOR ATTENDANCE-RELATED GRIEVANCES**

1. (a) Attendance-related grievances can be filed only after a First Step has issued an attendance discipline for a Warning at the 10<sup>th</sup> Occurrence; or, a 1-day administrative suspension at the 13<sup>th</sup> Occurrence; or, a 3-day administrative suspension at the 16<sup>th</sup> Occurrence; or a 5-day administrative suspension at the 19<sup>th</sup> Occurrence; or, a 10-day suspension at the 22<sup>nd</sup> Occurrence; or, for a discharge at the 24<sup>th</sup> Occurrence.

(b) An attendance grievance shall be waived if not filed as provided for under Section 1A and B (Grievance Procedure) of the Labor Agreement after the discipline was issued at the First Step.

*For example, if a First Step has issued a Warning at the 10<sup>th</sup> Occurrence, the failure to grieve to the Second Step and beyond any one of the ten (10) Occurrences pursuant to the provisions of Section 1A and 1B of the Labor Agreement shall constitute a waiver to challenge at a later date any of those Occurrences which were not so grieved.*

2. Any Occurrences for one level of attendance discipline that are challenged in a grievance to the Second Step and beyond, or any Occurrences that could have been challenged but were not taken to the Second Step and beyond, cannot subsequently be challenged again in another grievance involving other Occurrences for another level of attendance discipline. Therefore, the following shall apply:
  - After the First Step for a Warning, any Occurrence from #1 through #10 may be challenged and grieved as provided under Section 1A and 1B of the Labor Agreement.
  - After the First Step for a 1-day administrative suspension, only Occurrences #11 through #13 may be challenged and grieved as provided under Section 1A and 1B of the Labor Agreement.
  - After the First Step for a 3-day administrative suspension, only Occurrences #14, #15 and #16 may be challenged and grieved as provided under Section 1A and 1B of the Labor Agreement.
  - After the First Step for a 5-day administrative suspension, only Occurrences #17, #18 and #19 may be challenged and grieved as provided under Section 1A and 1B of the

## Labor Agreement.

- After the First Step for a 10-day suspension, only Occurrences #20, #21 and #22 may be challenged and grieved as provided under Section 1A and 1B of the Labor Agreement.
  - After the First Step for a discharge, only Occurrences #23 and #24 may be challenged and grieved as provided under Section 1A and 1B of the Labor Agreement.
3. Notwithstanding the foregoing provisions, in those instances where an employee has accumulated continuous uninterrupted Occurrences for multiple full-day absences from work (i.e., Sick Turn In and/or Unavailable), the resulting discipline will be based on the highest reached discipline for all of the employee's total accumulated Occurrences at the time the employee returns to work. Or, if the employee fails to return to work, the discipline will be issued at the time the employee has accumulated a total of 24 Occurrences and is then subject to discharge. This paragraph is the sole exception to the restrictions set forth in paragraph 2 above.

*For example, if an employee with zero Occurrences is absent from work for thirteen (13) consecutive work days in a two year period resulting in thirteen (13) Unavailable Occurrences, and then returns to work, the employee will receive a 1-day administrative suspension and will not receive a Warning. In such situations, after the First Step, any of the underlying Occurrences for such an imposed discipline may be challenged and grieved as provided under Section 1A and 1B of the Labor Agreement. Thus, in this example involving an employee with thirteen (13) consecutive full-day absence Occurrences, the employee shall have the right to challenge any or all of the thirteen (13) Occurrences that resulted in the 1-day administrative suspension.*

## SECTION IV. EXCEPTIONS

Set forth below are the only exceptions to this Attendance Policy.

1. Multiple-Day Illness: Employees who have reported any Sick Turn-In for two (2) or less consecutive days will be charged for one Occurrence with or without a doctor's note.

Employees who have reported any Sick Turn-In for three or more consecutive days and provide a doctor's note for the entire period on return to work shall be charged for one Occurrence. For any day(s) not covered by the doctor's note, the employee shall be charged with an Occurrence on a day-for-day basis.

leave of absence granted for a maximum of seven (7) months due to revocation of driver's license (Hourly Agreement: Section 16M-3; Field Salary Agreement: Section 6I; Clerical Agreement: Section 6H) shall not be counted as Occurrences under this Attendance Policy.

9. [Effective September 23, 2008] An "Approved Leave of Absence" shall not be counted as an Occurrence under this Attendance Policy. An "Approved Leave of Absence" shall be defined as an unpaid leave of absence taken in increments of five (5) consecutive work days, for a minimum of five (5) consecutive work days and a maximum of fifteen (15) consecutive work days, not to be mingled with any Vacation Days, which is granted at the sole discretion of NJTBO management using the following criteria:
  - a. The reason for the leave must be:
    - i. An unexpected event that is a catastrophic life event of the employee or his/her immediate family member (spouse, child, parent, grandchild or sibling); or,
    - ii. Only one time during each calendar year of a two year calendar period, a grave and serious event involving legal or financial issues that requires the employee's attention for the duration of the leave of absence;

This Leave of Absence is intended to be limited in duration and not open-ended and upon the termination of the period of the Leave of Absence, the employee will be subject to the Attendance Policy.
10. [Effective September 23, 2008] Operator Request For Reassignment (ORFOR): (i) A Bus or Light Rail Operator may request an ORFOR only for an assignment that pays at least eight (8) hours by giving notice, at least 60 minutes before the Operator's scheduled report time of his/her inability to work his/her assigned work. (ii) Such ORFOR's must be requested by calling the depot master. (iii) The ORFOR will be reviewed and an answer to the ORFOR will be conveyed to the employee. (iv) If at the time the request is made an ORFOR is granted for an assignment that is identified as paying at least eight (8) hours, the employee will not be assessed an Occurrence for

changing his/ her scheduled work. (v) Where an ORFOR is not granted, the Operator will be subject to the Attendance Policy. (vi) Decisions on ORFOR's will be based on the needs of the garage to efficiently handle the work.

AGREEMENT

THIS AGREEMENT, made this 10<sup>th</sup> day of Nov, 2009, by and between NJ TRANSIT BUS OPERATIONS, INC., hereinafter referred to as "NJ TRANSIT" and the New Jersey State Council of the AMALGAMATED TRANSIT UNION, hereinafter referred to as "ATU";

**WITNESSETH :**

WHEREAS, NJ TRANSIT and the Union have settled upon a new Labor Agreement, and

WHEREAS, The Public Employment Relations Commission (PERC) has heretofore determined the negotiability of certain provisions of the prior Labor Agreement (PERC No. 88-74), and

WHEREAS, in printing the New Labor Agreement NJ TRANSIT has proposed to delete certain provisions; which it asserts have been found, by the PERC to be not mandatorily negotiable, and

WHEREAS, the Union is reluctant to allow the printing without such provisions, and

WHEREAS, both parties wish to have the agreement printed as expeditiously as possible,

NOW, THEREFORE, in consideration of the mutual covenants and conditions contained herein, the parties hereto agree with each other as follows:

1. The new Labor Agreement will be printed including the provisions which NJ TRANSIT asserts that PERC has determined to be mandatorily not negotiable.
2. Neither NJ TRANSIT or the ATU relinquish any rights they may have pursuant to the PERC No. 88-74.
3. The inclusion of such alleged non-mandatorily negotiated provisions in the new Labor Agreement shall not be considered evidence that NJ TRANSIT has changed its position with regard to these provisions.
4. NJ TRANSIT may still assert that these provisions are not mandatorily negotiable in any grievance which may be brought by the ATU on the provisions.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be duly executed on the date first written above.
