ARTICLE III

GRIEVANCE PROCEDURE

A. **Definitions**

- 1. A “grievance” is a claim by an employee or the Association that there has been a misinterpretation, misapplication or violation of the provisions of this agreement, policies and administrative decisions affecting the terms and conditions of employment of an employee or group of employees; however, the term

“grievance” and the procedure relative thereto shall not be applied to the following matters:

- (a) Matters for which a method of review is required either by law or by any rule or regulation of the State Commissioner of Education.
 - (b) Any matter which, according to law, is exclusively within the jurisdiction of the Board.
2. An “aggrieved person” is a person or persons included in the negotiating unit and making the claim.
 3. A “party in interest” is a person making the claim, and any person(s) or the Association who might be required to take action or against whom action might be taken in order to resolve the claim.

B. Purpose

1. The purpose of this procedure is to resolve, at the lowest possible level, differences which may from time to time arise affecting the terms and conditions of employment of employees subject to Paragraph (E)(5)of this Article, and as may be appropriate without disclosure at any level of procedure.
2. Nothing herein contained shall be construed as limiting the right of any employee having a grievance to discuss the matter informally and having the grievance adjusted without intervention by the Association, provided the adjustment is not inconsistent with the terms of this Agreement and that the Association has been given the opportunity to be present at such adjustment and to state its views.

C. Procedure

A handwritten signature in cursive script, possibly reading "JDM", is located in the bottom right corner of the page.

1. Since it is important that grievances be processed as rapidly as possible, the number of days indicated at each level shall be considered as a maximum and every effort shall be made to expedite the process. The time limits specified may, however, be extended by mutual agreement.
2. In the event a grievance is filed at such time that it cannot be processed through all the steps in this grievance procedure before the end of the school year, and if left unresolved until the beginning of the following year could result in irreparable harm to a party in interest, the time limits set forth herein shall be reduced proportionately between the aggrieved person and the Board so that the grievance procedure may be exhausted prior to the end of the school year or as soon thereafter as is practicable.

LEVEL I (One)

3. An employee with a grievance shall discuss it first with his/her principal or immediate superior, either directly or through the Association's representative, within 10 school days of the occurrence of the event, situation or incident which gave rise to the grievance, with the objective of resolving the matter informally at this level. In the event the principal or immediate supervisor decides that the resolution of the grievance is beyond the scope of his/her authority, he/she shall forward such grievance in writing to the Superintendent directly and the processing of such grievance shall proceed to Level II (two). In the event that the Superintendent decides that the resolution of the grievance is beyond the scope of his/her authority, he/she shall forward the grievance to the Board of Education and the processing of such a grievance shall proceed to Level III (three).

Notwithstanding anything to the contrary set forth herein, all grievances concerning Board Policy shall be initially filed with the Superintendent who shall forward it to the Board for processing under Level Three.

LEVEL II (Two)

4. If the aggrieved person is not satisfied with the disposition of this grievance at Level I, or if no decision has been rendered within five(5) school days after the presentation of the grievance, he/she may file the grievance in writing with the Chairman of the Association's Negotiations Committee within five (5) school days after the decision at Level One or ten (10) days after the grievance was first presented at Level One, whichever is sooner. Within five (5) school days after receiving the written grievance, but no later than ten (10) days, the Chairman of the Negotiations Committee shall refer it to the Superintendent of Schools.

Level III (Three)

5. If the aggrieved person is not satisfied with the disposition of his/her grievance at Level Two, or if no decision has been rendered within ten (10) school days after the grievance was delivered to the Superintendent, he/she may within five (5) school days after a decision by the Superintendent or fifteen (15) school days after the grievance was delivered to the Superintendent, whichever is sooner, request in writing that the Chairman of the Association's Negotiations Committee submit his/her grievance to the Board of Education. If the Board of Education fails to resolve the grievance to the satisfaction of the aggrieved within fifteen (15) school

days after the receipt thereof, he/she may take the following action, depending on the nature of the grievance:

a. Should the grievance relate to an alleged violation, misapplication or misrepresentation of the terms of this contract, then the Board and the Association's Negotiations Committee shall resort to arbitration, and attempt to agree upon a mutually acceptable arbitrator and shall obtain from said Arbitrator a commitment to serve. The Arbitrator may not be a member or employee of either the Board, the Association, the NJEA, the School Board's Association or any other member of the Eatontown School system.

If the parties are unable to agree upon an Arbitrator or obtain a commitment within the period specified, a request for a Panel of Arbitrators may be made to the American Arbitration Association or the Public Employment Relations Commission, by either party. The parties shall be bound by the rules and procedures of the American Arbitration Association or the Public Employment Relations Commission, respectively, in the selections of the Arbitrator.

(1) The Arbitrator so selected shall confer with the representatives of the Board and the Negotiations Committee and hold hearings promptly. The Arbitrator shall be limited to the issues submitted and shall consider nothing else. He/she can add nothing to nor subtract anything from the Agreement between the parties. His/her

decision shall be in writing and shall set forth his/her findings of fact, reasoning and conclusions on the issues submitted.

- (2) The Arbitrator shall be without power or authority to make any award which requires the commission of an act prohibited by law or which is violative to the terms of this Agreement. The award of the Arbitrator shall be submitted to the Board and to the Association and shall be final and binding on all parties.
- (3) The cost for the services of the Arbitrator shall be borne equally by the Board and the Association. Any other expenses incurred shall be paid by the party incurring same.

(b) Should the grievance relate to a complaint of a non-tenured employee which arises by reason of his/her not being re-employed, the grievance shall not be grievable beyond the level of the Board.

D. Rights of Employees to Representatives

1. The aggrieved party may be represented at all stages of the grievance procedure by themselves, or, at their options, by a representative of his/her choice or by a representative selected or approved by the Association. When an employee is not represented by the Association, the Association shall have the right to be present and to state its views at all stages of the grievance procedure.
2. No reprisals of any kind shall be taken by the Board or any members of the Administration against any party in interest, any representative, any member of the Association, or any other participant in the grievance procedure by reason of such participation.

E. Miscellaneous

1. If, in the judgment of the Association, a grievance arising out of the same transaction materially affects a group or class of employees, the Negotiations Committee may submit such grievances in writing to the Superintendent directly and the processing of such grievance shall commence at Level Two. The Negotiations Committee may process such a grievance through all the remaining levels of the grievance procedure.
2. Decisions which are rendered at Level One which are unsatisfactory to the aggrieved person and all decisions rendered at Levels Two and Three of the grievance procedure shall be in writing setting forth the decision and the reasons therefore and shall be transmitted promptly to all parties in interest and to the Chairman of the Negotiations Committee of the Association. Decisions rendered at Level Three shall be in accordance with Paragraph (C)(5)(a)(1) and (C)(5)(a)(2) of this Article.
3. All written communications transmitted between the aggrieved person(s) or the Association, and either the immediate supervisor, Superintendent or Board of Education will be filed in a separate grievance file and shall not be kept in the personnel file of any of the participants.
4. The forms used in filing grievances (supplied by the Association) shall be prepared jointly by the Superintendent and the Association.
5. All meetings and hearings under this procedure shall not be conducted in public and shall include only such parties in interest and their designated or selected representatives, heretofore referred to in this Article.

The Association will certify to the Board prior to the start of each membership that the amount of present representation fee to be assessed does not exceed 85% of dues, fees and assessment and does not include any amount of dues, fees and assessments that are (1) expended for partisan, political or ideological activities or causes that are only incidentally related to the terms and conditions of employment, or (2) applied towards the cost and benefits available only to members of the majority representative.

1. The union shall indemnify and hold the employer harmless against any and all claims, demands, suits and forms of liability including liability for reasonable counsel fees and other legal costs and expenses that may arise out of or by reason of any action taken or not taken by the employer in conformance with this provision.

 EATONTOWN BOARD OF EDUCATION) OPINION AND AWARD

 EATONTOWN SECRETARIES AND CLERKS ASSOCIATION)

This case was heard on Friday August 29, 1986 in Eatontown, New Jersey before Robert L. Mitrani, Arbitrator selected by the parties.

APPEARANCES

BOARD: EUGENE A. IADANZA, ESQUIRE
ASSOCIATION: JOSEPH D. MURPHY, N.J.E.A. REP.

(A) ISSUE

Does the action of the Board in requiring the Superintendent to order secretarial and clerical personnel to work during the spring and winter recess and until 4 p.m. during the summer, pursuant to Article VI and VII of the 1985-87, contract violate any provisions of the contract, established past practice of state statutes found in Chapter 123?

(B) STIPULATIONS

(1) Between 1969 and 1982 secretaries and clerks were given the spring and winter as weeks off by the Superintendent.

(2) During the same years (1969 to 1982) the secretaries and clerks were allowed to leave at 3 p.m. during the summer months. The normal hours of work are 8 a.m. to 4 p.m. and in the summer the hours were 8 a.m. to 3 p.m.

(C) POSITION OF THE PARTIES

ASSOCIATION

For 25 years there was a consistent and unwavering past practice that secretaries and clerks worked a 6 hour day in July and August and every year they were given the week off during spring and winter recess.

Over the years the Board issued memos regarding these practices. These memos became part of the past practice. Both parties were fully aware of all the facts and the practice was mutually accepted.

The hours of work are a condition of employment. The Board is attempting to add an additional 7 percent of work time by eliminating the past practice of summer hours and the recess period in winter and spring. The parties have a current agreement for the period of 1985-1987 and at these negotiations the Board made no proposal to change the past practice.

Ruth Hicks testified on behalf of the Association and stated that for 25 years she always was off for the winter and summer recess and always worked from 8 a.m. to 3 p.m. during July and August. She accepted the job on that basis because she had small children at the time.

Mr. John Addio is a principal of Woodmere School. He stated that when he needed a secretary or clerk to work during recess he would call them and they worked. The hours of work during the summer have been 8 a.m. to 3 p.m.

Mary Paasch testified that she was hired during a summer and the hours were 8 a.m. to 3 p.m. She also found out on a gradual basis that she would be off during the winter and spring recess.

Rosemarie Boratto has been a secretary for three years. She was on the negotiating committee for the 1985-87 contract. Boratto testified that the Board never proposed to the Association's negotiating Committee that the practice be changed. There was nothing in writing and there were no discussions across the table. To change the practice would mean an increase of 7 percent in work time.

Boratto said she started in June 1983 and on December 20, 1983 she received a memo from Superintendent Anthony Palmesano about a "misunderstanding" regarding the winter recess. The following is the memo that Mr. Palmesano sent:

At the regular meeting of the Eatontown Board of Education on Monday, December 19, 1983 the following resolution was passed regarding your work schedule during the winter recess:

WHEREAS, the contract between the Eatontown Board of Education and the Eatontown Secretaries and Clerks Association for the contract years 1982 through 1985 requires these employees to work through the winter recess when the schools are closed; and

WHEREAS, it is not anticipated that the services of these employees will be necessary on a day to day basis due to the expected decrease in activity in the school system during this time; and

WHEREAS, the Board recently became aware of a misunderstanding of the current contract by the secretaries unit whereby they assumed they would not have to work during the winter recess;

NOW, THEREFORE, BE IT RESOLVED by the Eatontown Board of Education that the secretaries and clerks of the district not be required to report to work from December 27, 1983 to January 2, 1984. This action is taken by the Board only for the above time period. It is not anticipated that such action will be necessary in the future.

Marc D. Abramson of the N.J.E.A. responded on January 12, 1984 and stated the following:

"Further, be advised, that if the Board desires changes with the winter recess practice that said changes be accomplished through bilateral determination. Any deviations from same, will be considered violative of N.J.S.A. 34:13A-5.3 which states in part:

'Proposed new rules or modifications of existing rules governing working conditions shall be negotiated with the majority representative before they are established..'"

Boratto said that the same language from the 1982-85 contract regarding hours of work, vacations and holidays were carried over with the 1985-87 contract. It was the understanding that the practice was something above the contract language and everyone understood this.

In its closing statement the Association stated that the clear past practice continued even after the parties negotiated their various contracts starting in 1978-79. There has never been a change in the past practice. The Board points to the various memos sent out by the Superintendent that the Board was utilizing its discretion regarding the practice, but in effect these memos were part of the practice and it continued. There was never any formal negotiation to end the practice.

On December 20, 1983 the Board sent a memo that there may have been a misunderstanding about the practice. But the Association made it absolutely clear that there was no misunderstanding.

Salaries were established with the past practice in mind. It is improper for the Board to unilaterally change the work schedule. The Board could have formally negotiated this issue on two separate occasions, but failed to do so.

BOARD

The first written contract between the parties was entered into on December 4, 1978. This contract had no provisions for hours of work, holidays or vacation.

However in the 1982-85 agreement the parties included a new Article VII. Attached to the award as an exhibit, is the language of Article VII. The holidays are listed in Article VI. and this language states that "The following days shall be considered public holidays" - then lists the holidays.

Section (A) of the new language stated the following. "Adjustments to a shorter daily work schedule may be made at the discretion of the Superintendent". The Superintendent used his discretion to give the secretaries and clerks the summer hours as well as the wint and spring recess as weeks off.

In November 1983, Board members became aware that the practice was not consistent with the contract language. The Board decided to continue its good relations with the Association and make the changes in a friendly manner rather than abruptly making the changes

It is the Boards contention that during the negotiations that led to the current 1985-87 agreement, discussions were held on the subject. The problem was not resolved and since the contract language is clear, the Board made the decision to enforce the contract language Article VII from the 1982-85 contract was carried over to the 1985-87 contract.

It is the Board's position that the past practice cannot apply where the contract language covers the subject and the language is clear. The contract is clear on which days are holidays. The contract calls for an 8 hour work day and the contract also states that "adjustments to a shorter daily work schedule may be made at the discretion of the Superintendent. The summer and winter recess are normal work days and all days of work are for 8 hours unless otherwise noted by the Superintendent.

Mr. Thomas Fritz was a member of the Board from 1979 to 1985. He was Board President in 1983 and he was the chief negotiator for the 1984-85 contract.

At the end of 1983 a dispute arose between the Board and the Superintendent regarding the practice involved in this case. On December 9, 1983 Mr. Palmisano recommended the following to the Board negotiation committee.

"As per our meeting of December 8, 1983, I am recommending that the following be included in the Secretaries/Clerks contract:

'All days when school is not in session are considered work days for the members of the bargaining unit unless specified as holidays in the holiday schedule of this contract or declared legal holidays by the Governor of New Jersey. Members of the bargaining unit will be considered on an on-call basis during such period when school is not in session and will be required to report to work at the discretion of the Superintendent.'"

The Board eventually decided that the contract language was clear as is and should be followed. The Board decided to raise the issue at negotiations. Mr. Fritz stated that this issue was raised with Marc Abramson, the N.J.E.A. negotiator, in informal discussion he told the Board that the Association would never agree to end the 25 year practice. The Board felt it was protected by the language. Fritz was Chairman for the 1985-87 negotiation team. The Board states that it had proper contract language to make the change in the practice. Fritz's term ended in February 1985. The Board tried to raise the issue, but the Association did not want to talk about it.

In the last negotiations the Board did not propose any change in contract language because the language supported the Board's position.

Mr. Anthony Palmisano has been Superintendent of Schools since January 1968. There are nine individuals in the bargaining unit. The practice involved in this case was in effect prior to his becoming Superintendent. However employees were told to report to work during the recess weeks if their services were required. Palmi was never involved in negotiations and the Board expected him to enforce the contract language as written.

In its closing statement, the Board stated that there was a history in the District regarding the practice. The parties then negotiated their first contract in 1978 and nothing was mentioned about hours of work, holidays or vacations.

However in the parties' second contract for the years 1982-85, the specific issues of hours of work, vacations and holidays were covered.

Then in late 1983, the Board became aware that the Administration was not enforcing the contract as written. Although the Superintendent may have felt otherwise, the Board has the final authority in these matters.

For the purpose of maintaining morale, the Board decided to review the matter with the Association during negotiations, but Marc Abramson, the Association negotiator, would not talk about it. However the Board had the right to make the changes anyway.

There may have been a past practice - but the practice ended with the 1982-85 contract and the new language. Even though the Board has not enforced the contract language, does not mean it has lost the authority to do so. The contract is clear. The Board made a good faith effort to raise the issue with Marc Abramson - but he refused to listen. The Board gave ample notice to the Association.

(D) DISCUSSION

The arbitrator has spent a good deal of time in the earlier pages of this award covering many points made by the parties at the hearing on August 29, 1986. Although not everything has been repeated, the arbitrator has thoroughly studied every facet of this case.

The issues raised in this case are quite complex and difficult. The arbitrator understands why it has caused so many problems.

At the outset the arbitrator believes it is worth noting the following excerpt from "How Arbitration Works" (Elkouri and Elkouri 3rd Edition) on page 394:

"One of the most cogent and provocative statements published regarding the binding force of custom was that of Umpire Harry Shulman, in a case involving operating methods and direction of the working force (assignment of work), wherein he urged that past practice not be 'enshrined without carefully thought out and articulated limitations':

A practice, whether or not fully stated in writing, may be the result of an agreement or mutual understanding. And in some industries there are contractual provisions requiring the continuance of un-named practices in existence at the execution of the collective agreement. (There are no such provisions in the Ford Agreement or in those of the automobile industry generally.) A practice thus based on mutual agreement may be subject to change only by mutual agreement. Its binding quality is due, however, not to the fact that it is past practice but rather to the agreement in which it is based."

The facts involved in this case indicate that not only was there a solid past practice, but it was a mutual agreement between the parties. When the parties signed their first contract, the past practice continued. It was and continues to be part of the relationship of the parties. When the salaries of the bargaining unit were established, the practice was well known to the parties.

The evidence is very strong that when the parties negotiated their second contract (1982-85), there was no agreement or understanding that the practice would cease or that the specific language in Article VI and Article VII changed the past practice. In fact, the

practice continued after the signing of the 1982-85 agreement.

It is worth noting the following excerpt from "How Arbitration Works" on pages 398 and 399:

"We have noted that where custom has been enforced the element of 'mutuality' has usually been supplied by implication --that is, there has been 'implied mutual agreement.' In this regard, existing employee benefits usually effect all or at least sizeable groups of employees; and thus are likely to be in the thoughts of union and company negotiators. It may reasonably be assumed that the parties in shaping bargaining demands as to wages and other employee benefits do so with silent recognition of existing unwritten benefits and favorable working conditions."

The above statement is applicable in this case. After all, everybody involved in the administration of the contract was fully aware of the long standing practice and how it effected the relationship of the parties.

The Superintendent of Schools showed a keen insight into this in his recommendation of 12/9/83. The Superintendent proposed new language to the Board that should be included in the contract. The Superintendent's language went right to the heart of the issue involving winter and spring issue. But the important point was that specific contract language was needed to overcome the mutual agreement between the parties regarding the practice. The practice was more than just a unilateral implementation by the Board. It may have been that way in the beginning but, once the Association was established, the parties mutually made that as part of their relationship. And, of course, part of that relationship was that secretaries and clerks would come in to work when they were needed during spring and winter recess.

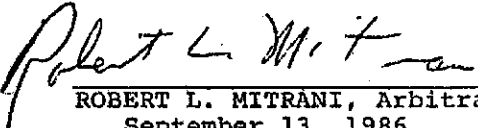

As stated before, the evidence in this case does not show that when the parties agreed to the language of Article VI and Article VII --that their intention was to change the past practice. In fact, the parties agreed to the new language and the past practice continued as it had for many years. This practice was a mutual agreement between the parties.

The Board claims that it told the Association it was going to change the practice during negotiations. On the other hand, the Association claims that this was a side discussion and there was nothing formal. However, given the history of this practice, it is the Arbitrator's opinion that if the practice is to be modified or ended, there should be mutual agreement. The contract negotiations that led to Article VI and Article VII never addressed the specific practice. In fact, the parties' actions speak volumes. The practice

continued without question after the language was first agreed to. And no one could say that this critical past practice was not known to all of the parties for many years. The practice was a mutual agreement between the parties. And, if it is to be changed, it should be done on that basis. The Association's position is sustained.

AWARD

The action of the Board in requiring the Superintendent to order secretarial and clerical personnel to work during the spring and winter recess and until 4 P.M. during the summer is a violation of the agreement between the parties.

ROBERT L. MITRANI, Arbitrator
